LIGHT AND LIGHTING

32, Victoria St., London, S.W.1. Edited by J. STEWART DOW Telephone: ABBey 5215

Vol. XXXVII. — — — January—December, 1944

Authors Index

A

PAGE

ACKERLEY, R. O., on Christmas Lectures for Children 2, 72
—The Place of Science in the Art of Lighting 19
—The Benefits of Good Lighting 68
ALDINGTON, J. N., on Bright Light Sources 173
ASHMORE, J., on Electric Lighting—A Contractor's Standpoint..... 70
ATHERTON, C. A., on Lighting Education 118

B

BATE, F., on Problems in Illuminating Engineering 120
BUCKLEY, H., on Illuminating Engineering in the XVIIIth Century 33

C

CARNE, J. B., on Lighting the Homes of To-morrow 50
CATOR, F. L., on Lighting Class "A" Roads 172

D

DARWIN, SIR CHARLES, on Tolerances 86
DAVIES, E. R., on Psychophysics and Photography 131

F

FORTH, J. H., on Problems in Illuminating Engineering 120
FOWLER, E. W., on A "Footcandle Bonus" 2

G

GARROD, L. P., on Natural Lighting and Hygiene 62

H

HARTILL, P., on Illumination and Illusion 178
HARDING, H. G. W., on Illuminants for Colorimetry 117
—Colours of Black Bodies..... 182
HEYDON, V. A., on Problems in Illuminating Engineering 120
HIME, M. W., on The Lighting of Welding Shops 4

J

JAMES, D. C., on Domestic Lighting 48
JONES, W. J., on The Future of Fluorescent Lighting 22
JONES, L. A., on Psychophysics and Photometry 66
JONES, T. S., on Lighting Technique 93
—School Lighting 172

L

PAGE

LAW, F. W., on Ophthalmology ... 142
LONG, HOWARD, on the I.E.S. 108

M

MACDONALD, A., on The Place of Science in the Art of Lighting... 19
MACKENZIE, R., on Problems of Illuminating Engineering 120
MCGREGOR-MORRIS, J. T., on Photometric Principles 68
MAHAN, H. E., Post-war Street Lighting 117
MINCHIN, L. T., on The Production of Light 68
MIDDLETON, F. F., on Lighting Class "A" Roads 172

N

NELSON, J. H., on The Lighting of a Small Commutator 32
—Lighting in Industry 102
—Lighting Class "A" Roads ... 172
—The Automobile Headlight ... 193

P

PARTRIDGE, C. F., on Lighting Class "A" Roads 172
PHILLIPS, E. G., on Illumination—Is It Engineering? 162
PRESTON, J. S., on The Nature of Light 68

R

REID, K. M., on Fluorescent Street Lighting 114

S

SHAXBY, J. H., on Colour Deficiency in Industry 54
SMYTH, J. B. S., on The Production of Light 68
STILES, W. S., on Problems in Visual Research 90
STROUD, E., on I.E.S. Development 60, 157

T

THOMAS, P., on Architectural Lighting 6

V

VARCOE, T. H., on Problems in Illuminating Engineering 120
VICKERSTAFF, T., on Colorimetry Applied to Dyestuffs 40

W

WRIGHT, W. D., on The Eye 68
—The Munsell Atlas 110
